

The wireless Bluetooth home speaker system with built-in microphone.

The Harman Kardon Aura Studio combines state-of-the-art acoustic performance and Bluetooth audio streaming with masterful appearance. No less than six premium 1.5" high/mid-range transducers and a powerful 4.5" subwoofer deliver 360 degree omnidirectional sound. Enjoy immersive, room-filling sound no matter where your music is playing from; you can stream your music via Bluetooth or AUX-in from any mobile phone, tablet, Mac, iPhone, or iPad. A built-in microphone enables conference calls via the Bluetooth speakerphone function of your smartphone. Our Bluetooth® Social Mode allows you to connect up to 2 playback devices to the speaker and take turns playing music.

The evolution of an iconic design

The legendary Harman Kardon SoundSticks design evolves into a premium Aura Studio design that fits any Mac, iPhone, iPad or other smart device.

Bluetooth wireless connection with Social Mode

The Aura Studio has a built-in Bluetooth® feature to wirelessly stream audio from your Bluetooth® devices. Our Bluetooth® Social Mode allows you to connect up to 2 playback devices to the speaker and take turns playing music.

Immersive, 360 degrees room-filling sound

By using Harman's proprietary stereo-widening DSP technology, the Aura Studio offers a fully optimized acoustic performance. It delivers balanced, yet powerful sound with enhanced equalization and specialization to create an enveloping and very realistic audio experience.

Built-in speakerphone with echo and noise cancellation

A built-in speakerphone with Harman VoiceLogic echo and noise cancellation system enables crystal clear conference calls.
