

INSTANTSTATION WIRELESS STAND

Wireless charging stand with 33W PD USB-C and USB-A fast charging

Power up without plugging in.

You need power. You need convenience. You need the Qi-certified InfinityLab InstantStation Wireless Stand. Together with the USB-A port and USB-C port, safely fast charge up to three devices¹ simultaneously. Don't want to pause a stream or call while you power up? Just place your phone horizontally or vertically on the stand and keep on going. The InstantStation is smart—it knows how to optimize and distribute energy based on what's plugged in. Plus, the stand is made from recycled plastics and packaged in sustainable, earth-friendly materials. Lightweight and powerful, the InstantStation delivers maximum power in a compact design.

Features

- ▶ Fast Qi wireless charging
- ▶ Charge your device in the blink of an eye
- ▶ Charge three devices at the same time
- ▶ Fast charge USB-C equipped laptops
- ▶ Power up vertically or horizontally
- ▶ Smart power distribution
- ▶ Eco materials and packaging
- ▶ Compact design
- ▶ Advanced safety and reliability

INSTANTSTATION WIRELESS STAND

Wireless charging stand with 33W PD USB-C and USB-A fast charging

Fast Qi wireless charging

No cable? No problem. Just place your Qi-compatible device on the stand for up to 15W of Qi wireless charging.

Charge your device in the blink of an eye

Power Delivery 3.0 ensures fast charging for your devices. We're talking recharged up to 50% in 30 minutes for an iPhone 12², 40 minutes for a Samsung Galaxy S21², or 70 minutes for a MacBook Air (2020)². Yes, that fast.

Charge three devices at the same time

The InstantStation Wireless Stand features a wireless charging stand with an additional USB-A port and USB-C port so you can charge up to three devices simultaneously³ with 33W⁴ fast charging. Power up smarter.

Fast charge USB-C equipped laptops

Perfect for power-ups. The InstantStation Wireless Stand's USB-C charging port delivers up to 30W⁵ output power to laptops⁶ with a USB-C charging input.

Power up vertically or horizontally

The InstantStation Wireless Stand lets you wirelessly charge your device both horizontally and vertically. Pick your preference for streaming videos, listening to music or making calls as you power up.

Smart power distribution

You want efficiency? You want optimal charging speeds? The ultra-fast InstantStation Wireless Stand delivers. It's smart enough to know how to allocate power, depending on which devices are plugged in.

Eco materials and packaging

This is a more earth-friendly wireless charger. With 90% recycled plastics and FSC-certified packaging printed with organic soy ink.

Compact design

The InstantStation Wireless Stand packs a lot of power into a small stand. Its compact design keeps your desk space open and organized.

Advanced safety and reliability

The wireless charging stand provides auto protection against overheating as well as overcurrent/overvoltage conditions and also provides surge protection.

Disclaimers:

1. Extra cables sold separately.
2. Charging times based on SGS testing using USB-C port and compatible charging cable. Actual user experience may vary depending on many factors, such as model, battery size, temperature, humidity, and condition and age of the device.
3. Extra cables sold separately.
4. USB-C port supports max. 30W PD charging. USB-A port supports max. 15W charging. When charging three devices simultaneously, total max. output is 33W.
5. To deliver single USB-C port max. 30W charging, select compatible USB-C to USB-C cable that can support 30W charging output.
6. It may not apply to laptops that require output power more than 30W.

What's in the Box:

- 1 x InstantStation Wireless Stand
- 1 x Adapter
- Exchangeable plug (type and quantity vary by regions)
- 1 x QSG
- 1 x Safety sheet
- 1 x Warranty card

Technical Specifications

General specifications

- ▶ Total output power: 33W Max.
- ▶ Operating temperature: 0~35°C
- ▶ DC Input: 21.0V~2.14A
- ▶ Wireless out: 5W, 7.5W, 10W, 15W
- ▶ USB-A out: 5V~3A
- ▶ USB-C out*: 5V~3A, 9V~3A, 12V~2.5A, 15V~2A, 20V~1.5A
- ▶ RF Frequency Range: 126.5KHz~129kHz
- ▶ RF Field Strength:-4.59dBuA/m @10m
- * Recommend to use shielded cable.

Dimensions

- ▶ Dimensions (adapter not included) (W x H x D): 71 x 101 x 129mm/2.8 x 4.0 x 5.1"
- ▶ Weight (adapter not included): 175g/0.39 lbs
