

## Hear clearly, speak freely.

Being able to work outside the office is easier than ever, but you still have to be in meetings. Thing is, using your laptop speakers for conferencing is far from ideal and wearing headphones can isolate you from your surroundings. But working from home doesn't mean you can't have easy conference calls. ClearCall speakerphone works with your computer or phone, anywhere, for crystal-clear hands-free communication. Even in noisy environments or when you're sitting across the room. And with 24 hours of talk time, it'll handle even your longest workday. It's made from recycled plastics, and packaged in sustainable, earth-friendly materials.

## Features

- ▶ 360-degree microphone technology
- ▶ Speak and hear like you're in the same room
- ▶ USB Plug-n-Play
- ▶ Up to 24-hour talk time
- ▶ Bluetooth 5.0 wireless streaming for one or two devices
- ▶ Compatible with most leading applications
- ▶ Eco materials and packaging
- ▶ Doubles as a power bank
- ▶ Protection pouch included

### 360-degree microphone technology

Speak freely. Literally. Make sure you'll be heard from anywhere in the room with four, 360-degree far-field mics. So you can walk and talk, if the conversation moves you.

### Speak and hear like you're in the same room

Life may be noisy but your speakerphone conversations won't be. ClearCall's echo and noise-cancelling technology mean you'll have crystal clear voice clarity regardless of the distractions around you, whether it's street noise outside or a snoring roommate.

### USB Plug-n-Play

Setup couldn't be simpler. Just plug the ClearCall directly into a USB port. It's that easy. Really.

### Up to 24-hour talk time

A single charge provides up to 24 hours of talk time through Bluetooth. That's a whole day of hands-free calls.

### Bluetooth 5.0 wireless streaming for one or two devices

Wirelessly connect a smartphone, laptop, or both to ClearCall, and take turns for chatting with family and friends or conferencing with coworkers.

### Compatible with most leading applications

Hear clearly and speak freely, no matter which conferencing application you're using. ClearCall works with Webex, Zoom, Skype, Microsoft Teams, Jabber, GoToMeeting, GoToWebinar, Facetime, Google Hangouts, and more<sup>1</sup>.

### Eco materials and packaging

This is a more earth-friendly conference speakerphone. With 90% recycled plastics and FSC-certified packaging printed with organic soy ink.

### Doubles as a power bank

Does your smartphone need a boost? Not a problem. Plug your phone into the USB-A port and enjoy a charge courtesy of ClearCall's built-in, rechargeable Li-ion battery.

### Protection pouch included

A home away from home. Even a speakerphone as useful as this deserves a rest, so it comes with its own protection pouch against dust and damage when it's not in use.

#### Disclaimers:

1. When muting a call on ClearCall, the microphone icon will light up red. However, the microphone status icon on the conferencing application's screen may not change. ClearCall's phone button will only function with calls over mobile voice networks and will not start or end sessions in conferencing applications.

### What's in the Box:

- 1 x ClearCall
- 1 x USB-A to USB-C Cable
- 1 x Pouch
- 1 x QSG
- 1 x Safety sheet
- 1 x Warranty card
