

INSTANTGO 10000 WIRELESS

30W PD ultra-fast charging power bank with wireless charging

Power your life. Anywhere, anytime.

Recharge without losing connection, anywhere, anytime. The compact, high-speed InfinityLab InstantGo 10000 Wireless power bank lets you safely charge up to three devices¹ simultaneously, even a small laptop. For a quick boost, it can even get you to 50% in no time! And with the Qi wireless charging pad, you can easily power up cable free. Only one wall outlet available? Smart pass-through charging lets you power up your phone and power bank at the same time. Thanks to auto protection you'll never have to worry about your devices. Plus it's made from recycled plastics and packaged in sustainable, earth-friendly materials.

Features

- ▶ Qi wireless charging
- ▶ Charge your device in the blink of an eye
- ▶ Charge three devices simultaneously
- ▶ Fast charge USB-C equipped laptops
- ▶ Enough juice to charge your phone twice
- ▶ Smart pass-through charging
- ▶ Slim, compact, pocket sized design
- ▶ Eco materials and packaging
- ▶ Advanced safety and reliability

INSTANTGO 10000 WIRELESS

30W PD ultra-fast charging power bank with wireless charging

Qi wireless charging

No cable? No problem. Just place your Qi-compatible device on the power bank for up to 10W of Qi wireless charging.

Charge your device in the blink of an eye

Power Delivery 3.0 ensures fast charging for your devices. We're talking recharged up to 50% in 30 minutes for an iPhone 12², 40 minutes for a Samsung Galaxy S21², or 70 minutes for a MacBook Air (2020)². Yes, that fast.

Charge three devices simultaneously

The InstantGo 10000 Wireless features a wireless charging pad with an additional USB-A port and USB-C port so you can charge up to three devices simultaneously³ with 30W PD⁴ fast charging. Power up smarter.

Fast charge USB-C equipped laptops

Perfect for power-ups. The power bank's USB-C charging port delivers up to 30W⁵ output power to laptops⁶ with a USB-C charging input.

Enough juice to charge your phone twice

Stay powered up on the go with a 10,000mAh battery which will fully charge your phone two times⁷.

Smart pass-through charging

Only one wall outlet available? That's all you need to boost your phone and power bank at the same time thanks to smart pass-through charging⁸.

Slim, compact, pocket sized design

The compact design of the InstantGo 10000 Wireless makes it a portable charger you can take anywhere.

Eco materials and packaging

This is a more earth-friendly power bank. With 90% recycled plastics and FSC-certified packaging printed with organic soy ink.

Advanced safety and reliability

The power bank features auto protection against overheating and features overcurrent/overvoltage conditions. It even protects against plugging in something incorrectly.

Disclaimers:

1. One wireless, two wired. Extra cables sold separately.
2. Charging times based on SGS testing using USB-C port and compatible charging cable. Actual user experience may vary depending on many factors, such as model, battery size, temperature, humidity, and condition and age of the device.
3. Extra cables sold separately. When three devices are charging simultaneously, these devices may be partial charge instead of full charge due to the battery capacity of power bank.
4. USB-C port supports max. 30W PD charging. USB-A port supports max. 15W charging. When charging three devices simultaneously, total max. output is 30W.
5. To deliver single USB-C port max. 30W charging, select compatible USB-C to USB-C cable that can support 30W charging output.
6. It may not apply to laptops that require output power more than 30W.
7. Based on SGS testing for an iPhone 12, using a fully charged power bank indoors under room temperature to charge a fully discharged iPhone 12 until it is 100% charged, and repeating the process until the power bank is out of battery. Actual user experience may vary depending on many factors, such as smartphone make, model, battery size, temperature, humidity, and condition and age of the device.
8. Wall charger sold separately.

What's in the Box:

- 1 x InstantGo 10000 Wireless power bank
- 1 x USB-A to USB-C Cable
- 1 x QSG
- 1 x Safety sheet
- 1 x Warranty card

Technical Specifications

General specifications

- ▶ Battery type: Lithium-ion Polymer 38.5 Wh (equivalent to 7.7V, 5,000 mAh)
- ▶ Operating temperature: 0~45°C
- ▶ USB-C in/out: 5V-3A; 9V-3A; 12V-2.5A; 15V-2A; 20V-1.5A
- ▶ USB-A out: 5V-3A
- ▶ Wireless out (Qi): 5W-7.5W-10W
- ▶ Total Output Max.: 30W
- ▶ RF Frequency Range: 124.359kHz - 155.929kHz
- ▶ RF Field Strength: -18.97 dBμV-m @10m
- ▶ Battery charge time: 4 hours (5V-3A)

Dimensions

- ▶ Dimensions (W x H x D): 145.6 x 75 x 19mm/ 5.7 x 3 x 0.75"
- ▶ Weight: 250g/0.55 lbs
